What did you do last Spring Festival?

十一、阅读短文,判断下列句子正(T)误(F)。(10 分)

I'm Li Dong. Last Dragon Boat Festival, I felt how festivals and new technology(科技) could bring us together.

My grandma lived in another city. I couldn't visit her because we lived so far away. But I could have a video call with her and see her face clearly. I showed her *zongzi* and the small dragon boat toys I made. She showed me her mugwort(艾草) leaves and told me some old stories about Qu Yuan. Later, I used a fun app to make a digital(数字信息系统的) greeting card with our family photos and dragon boat patterns(图案). I sent it to all our relatives. Everyone replied with warm messages and shared their own festival photos.

Festivals aren't just about staying together in the same place. With new technology, we can share love and happiness even when we live far away. It makes our holidays warm and meaningful.
